

Hygiene Concerns

We have always been very concerned for the health & safety of every family that enroll in courses with us.

At Kate's Kids we take great care in making sure that our premises, toys & instruments are always cleaned after every class & this is especially so at this time of year as the weather is humid & bacteria & viruses are easily transmitted.

Therefore, during the coming months we will advise parents & caretakers to take special precautions to make sure they & their child is well before coming in to the studio. We will continue to take everyone's temperature coming to class & anyone who has the symptoms of a cold &/or fever will be asked to come back to do a make-up class.

Due to the prevalence at this time of year of "Hand, Foot & Mouth Disease", & to make class participants feel more comfortable, we will be giving every parent/caregiver an alcohol wipe so that they can wipe over the toys their child plays with before & after use. The alcohol wipes & sprays will be available for use during the class.
